

I Come From...

Sometimes the best stories come from our own life experiences. Write a poem about the things that make the place you come from feel like home! Then use this poem as the basis for a scene or play.

I come from _____

(the food that tastes like home to me)

I come from _____

(the music of my soul)

I come from _____

(the way the sky looks at home)

I come from _____

(the thing I wear that makes me feel most like myself)

I come from _____

(the name of the place I call home)
